

We're on a special mission...

AMERICAN CHAMBER OF COMMERCE ANNUAL TRADE MISSION

Join a trade mission where the networking happens before, during and after the conference

**2500 Exhibitors, 75,000 Delegates,
Representatives from 110 Countries.
One massive Conference and Exhibition.**

**To experience business
networking on a huge scale join
our Trade Mission to the USA.**

To open up incredible networking possibilities for your company, join the American Chamber of Commerce's exclusive Trade Mission to the Offshore Technology Conference (OTC) in Houston, Texas, 30 April - 3 May 2012.

Now in its 14th year, the Trade Mission provides a rare opportunity to meet senior business executives from associated industries, and 'talk shop' during the largest Oil and Gas industry conference and exhibition in the world.

At the same time, by joining our organised Trade Mission, the networking happens before, during and after the conference, enabling delegates to build strong personal and business networks with fellow delegates during the trip, which includes a stopover meeting in London as part of a well-organised itinerary.

Strictly limited number of delegates.....

Our Trade Mission to the USA departs Friday 27th April and returns Sunday 6th May 2012 and is limited to a maximum of 30 companies.

To be part of the proven success story of OTC, we invite you to contact AmCham to hear more about the benefits of participating in this exciting Trade Mission.

Register your interest now by emailing: penelopewilliamson@amcham.com.au
